Max and Selina Mavior**

**DINAROBIN BEACHCOMBER GOLF RESORT & SPA
Mauritius
13 April – 19 April 2026**

About Max Mavior:

Max Mavior is a self-taught contemporary artist who transforms energy into icons. Inspired by myth, monuments, and the power of ancient cultures, he develops a visual language full of movement and symbolism. His works often feature recurring motifs such as Pegasus – a symbol of freedom, strength, and new beginnings. Among his collectors are Mateschitz, Swarovski, David Coulthard, and Sido.

Mavior has exhibited in Salzburg, Monaco, Munich, Paris, Nice, Kitzbühel, Düsseldorf, and most recently at the Kunsthalle Leipzig. He lives and works in Nuremberg.

What to Expect:

An art retreat for those seeking more than just sun and sand:

Inspiration, creativity, and connection. Under the guidance of artist couple Max & Selina Mavior, participants will experience how abstraction and precision, energy and detail converge in painting – and how a deeply personal artwork emerges from this process.

Content & Highlights:

With a maximum of 12–15 participants, personal attention is guaranteed.

Over four workshop days and two inspiration days with excursions to vibrant Hindu temples and local markets, you'll explore the versatility of painting and discover motifs and color compositions. The workshop includes abstract mixed-media painting (acrylic, chalk, spray, collage) and precise oil painting (glazing, details, composition).

During a canvas swap session, you'll witness how two artists collaborate on a single piece. Additionally, the artist will share insights into the life of an artist – from gaining visibility to nurturing collectors.

To conclude, we'll host a farewell vernissage at the resort, showcasing the artworks created and introducing professional photo documentation of the pieces.
